Art Unit: 3723

***Claim Rejections - 35 USC § 112***

1. Claims 2-14 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

a. The following claims lack proper antecedent basis:

i. The preambles of the dependent claims 2-14 recite "An" instead of -- The-- which would provide proper antecedent basis.

***Claim Rejections - 35 USC § 102***

2. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

3. Claims 1, 5-9, and 11-14 are rejected under 35 U.S.C. 102(b) as being anticipated by EP 1216788a1

EP 1216788a1 discloses the claimed invention as recited in claim 1, 5-9, and 11-14. It is noted that a motor can be placed out of cite by just using long enough cords to place it our of cite.

***Allowable Subject Matter***

4. Claims 2-4 and 10 would be allowable if rewritten to overcome the rejection(s) under 35 U.S.C. 112, second paragraph, set forth in this Office action and to include all of the limitations of the base claim and any intervening claims.

***Conclusion***

5. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Bentley, Floren, and Mauro disclose an invention.
